

Lead and/or Copper Water Analysis Request

I am requesting an analysis of my tap water for lead and/or copper. I understand that if defects are discovered in my plumbing that contribute to a higher-than-normal lead and copper content in my water, it will be my own responsibility to make the repairs and that the City of Keene bears no responsibility for my private plumbing. I understand the cost for this service is \$70 for each faucet tested.

Individual/Company Name: _____
Attention: [Report sent to] _____
Address: _____
City, State, Zip: _____ ☐ TX ☐ _____
Phone: [] _____ - _____ Email: _____

Lead & Copper: # of Faucets _____ X \$70 = \$_____ Total Amount

Payments can be made at 1000 N. Old Betsy Rd, Cleburne, TX 76031. If you have any questions about the test, please contact the City of Keene 817-641-3336.
